LINES OF BUSINESS

- General Liability. Offered on a broad range of classes; apartments, contractors, dwellings, HOA, light manufacturing, LRO, mercantile, offices, restaurants, warehouses, and other specialty exposures for small to mid-size accounts.
- Commercial Property. Written as part of a package to match and support our General Liability risk appetite for small to mid-size accounts.
- Inland Marine. Supporting the general liability risk appetite.
- Energy. Small contractors working in the upstream Oil & Gas exploration and production field. Package coverage available on most risks.
- Garage. Liability and physical damage coverages for dealers, service and repair facilities. All coverages written on ISO Auto Dealers policy form, amended to address the characteristics of the risk.

PRODUCT DELIVERY

- Cloud based portal providing rate, quote, bind, issue functionality.
- API supporting fully integratable single-entry workflow.
- Integrated third-party services providing underwriting support, e.g., crime, wildfire, hail, etc.

COMPANY AUTHORIZATION

- All coverages written on a non-admitted basis.

POLICY FORMS

- All coverages offered on current ISO forms.
- ISO endorsements used wherever possible.
- Some proprietary forms apply to define unique coverage demands.

PRICING

- All rates benchmarked to current ISO loss costs.

DISTRIBUTION

- Available exclusively through appointed Managing General Agents supported by assigned Core Specialty underwriters to achieve a broad flexible but consistent binding authority.

TERRITORY

- All states except Alaska, New York and D.C.
- Authorized territory is based on knowledge of the territory and market presence of the MGA.

CLAIMS

- The Contract Binding claims team works exclusively with division claims, providing consistent prompt response focused on rapid equitable settlement of all covered claims.
